

FLOWCHART 1: OVERALL SYSTEM WORKFLOW & ARCHITECTURE

End-to-End System Navigation, Security Verification Gateways & Core Subsystems

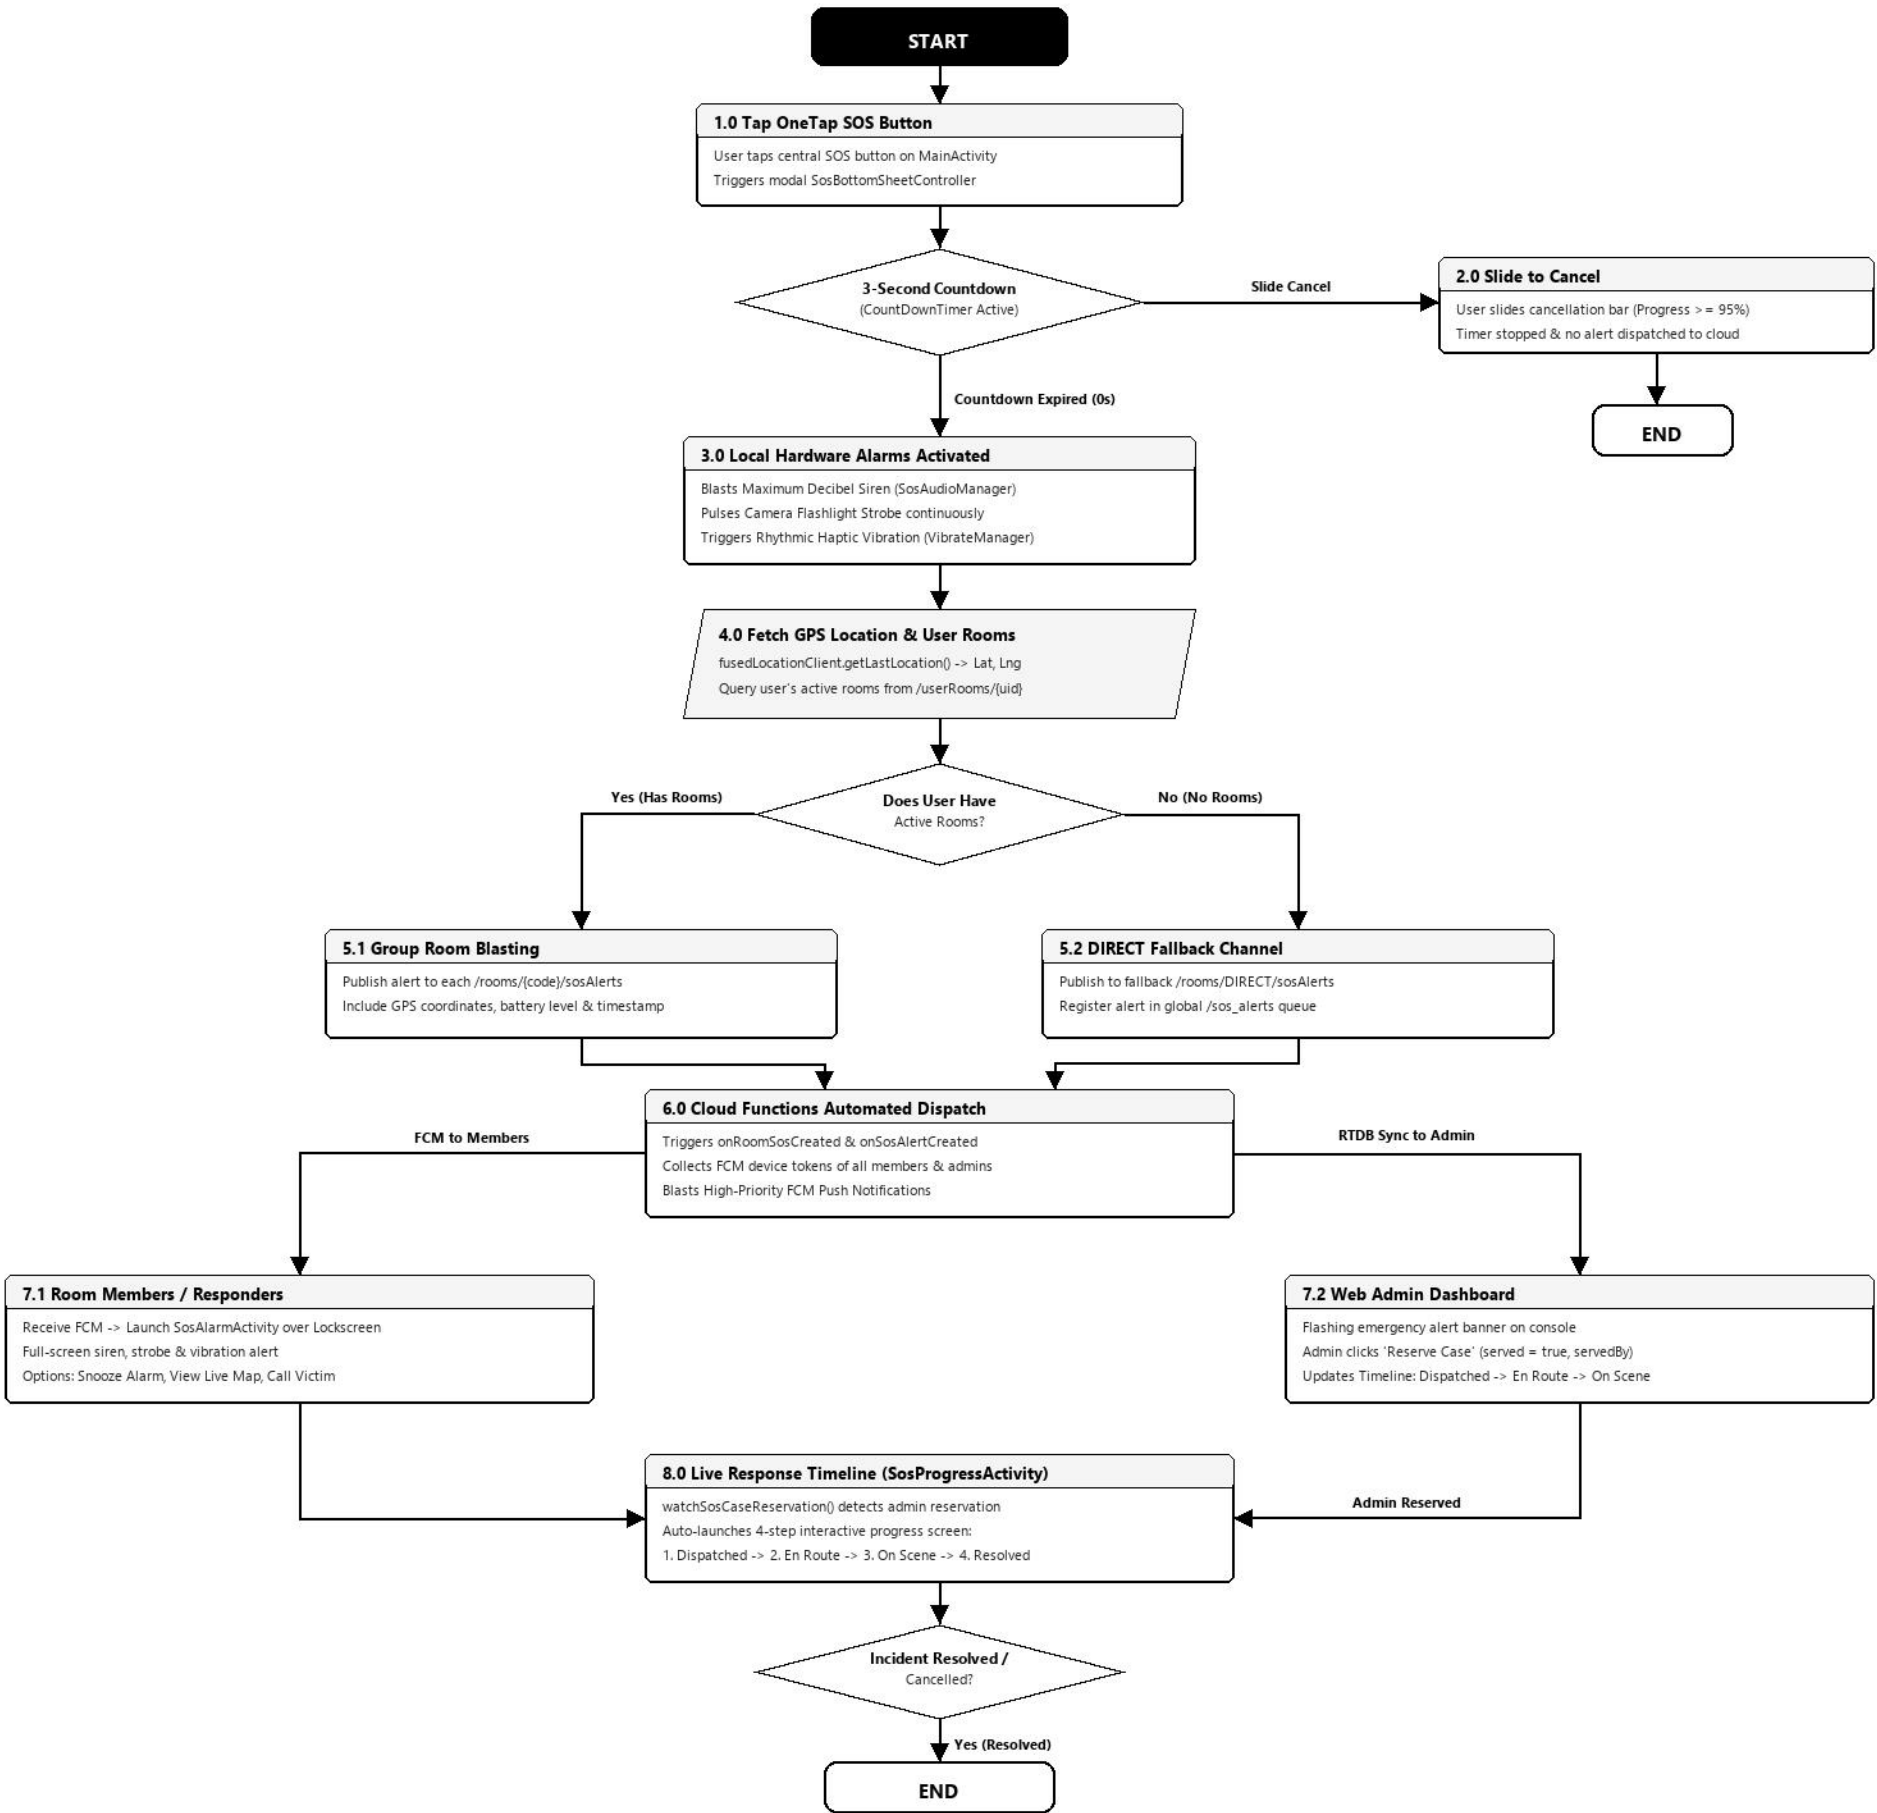

FLOWCHART 2: AUTHENTICATION, APP LOCK & DURESS PIN SAFEGUARD

Session Verification, 4-Digit Passkey / Biometric Authentication & Covert Silent SOS Protocol

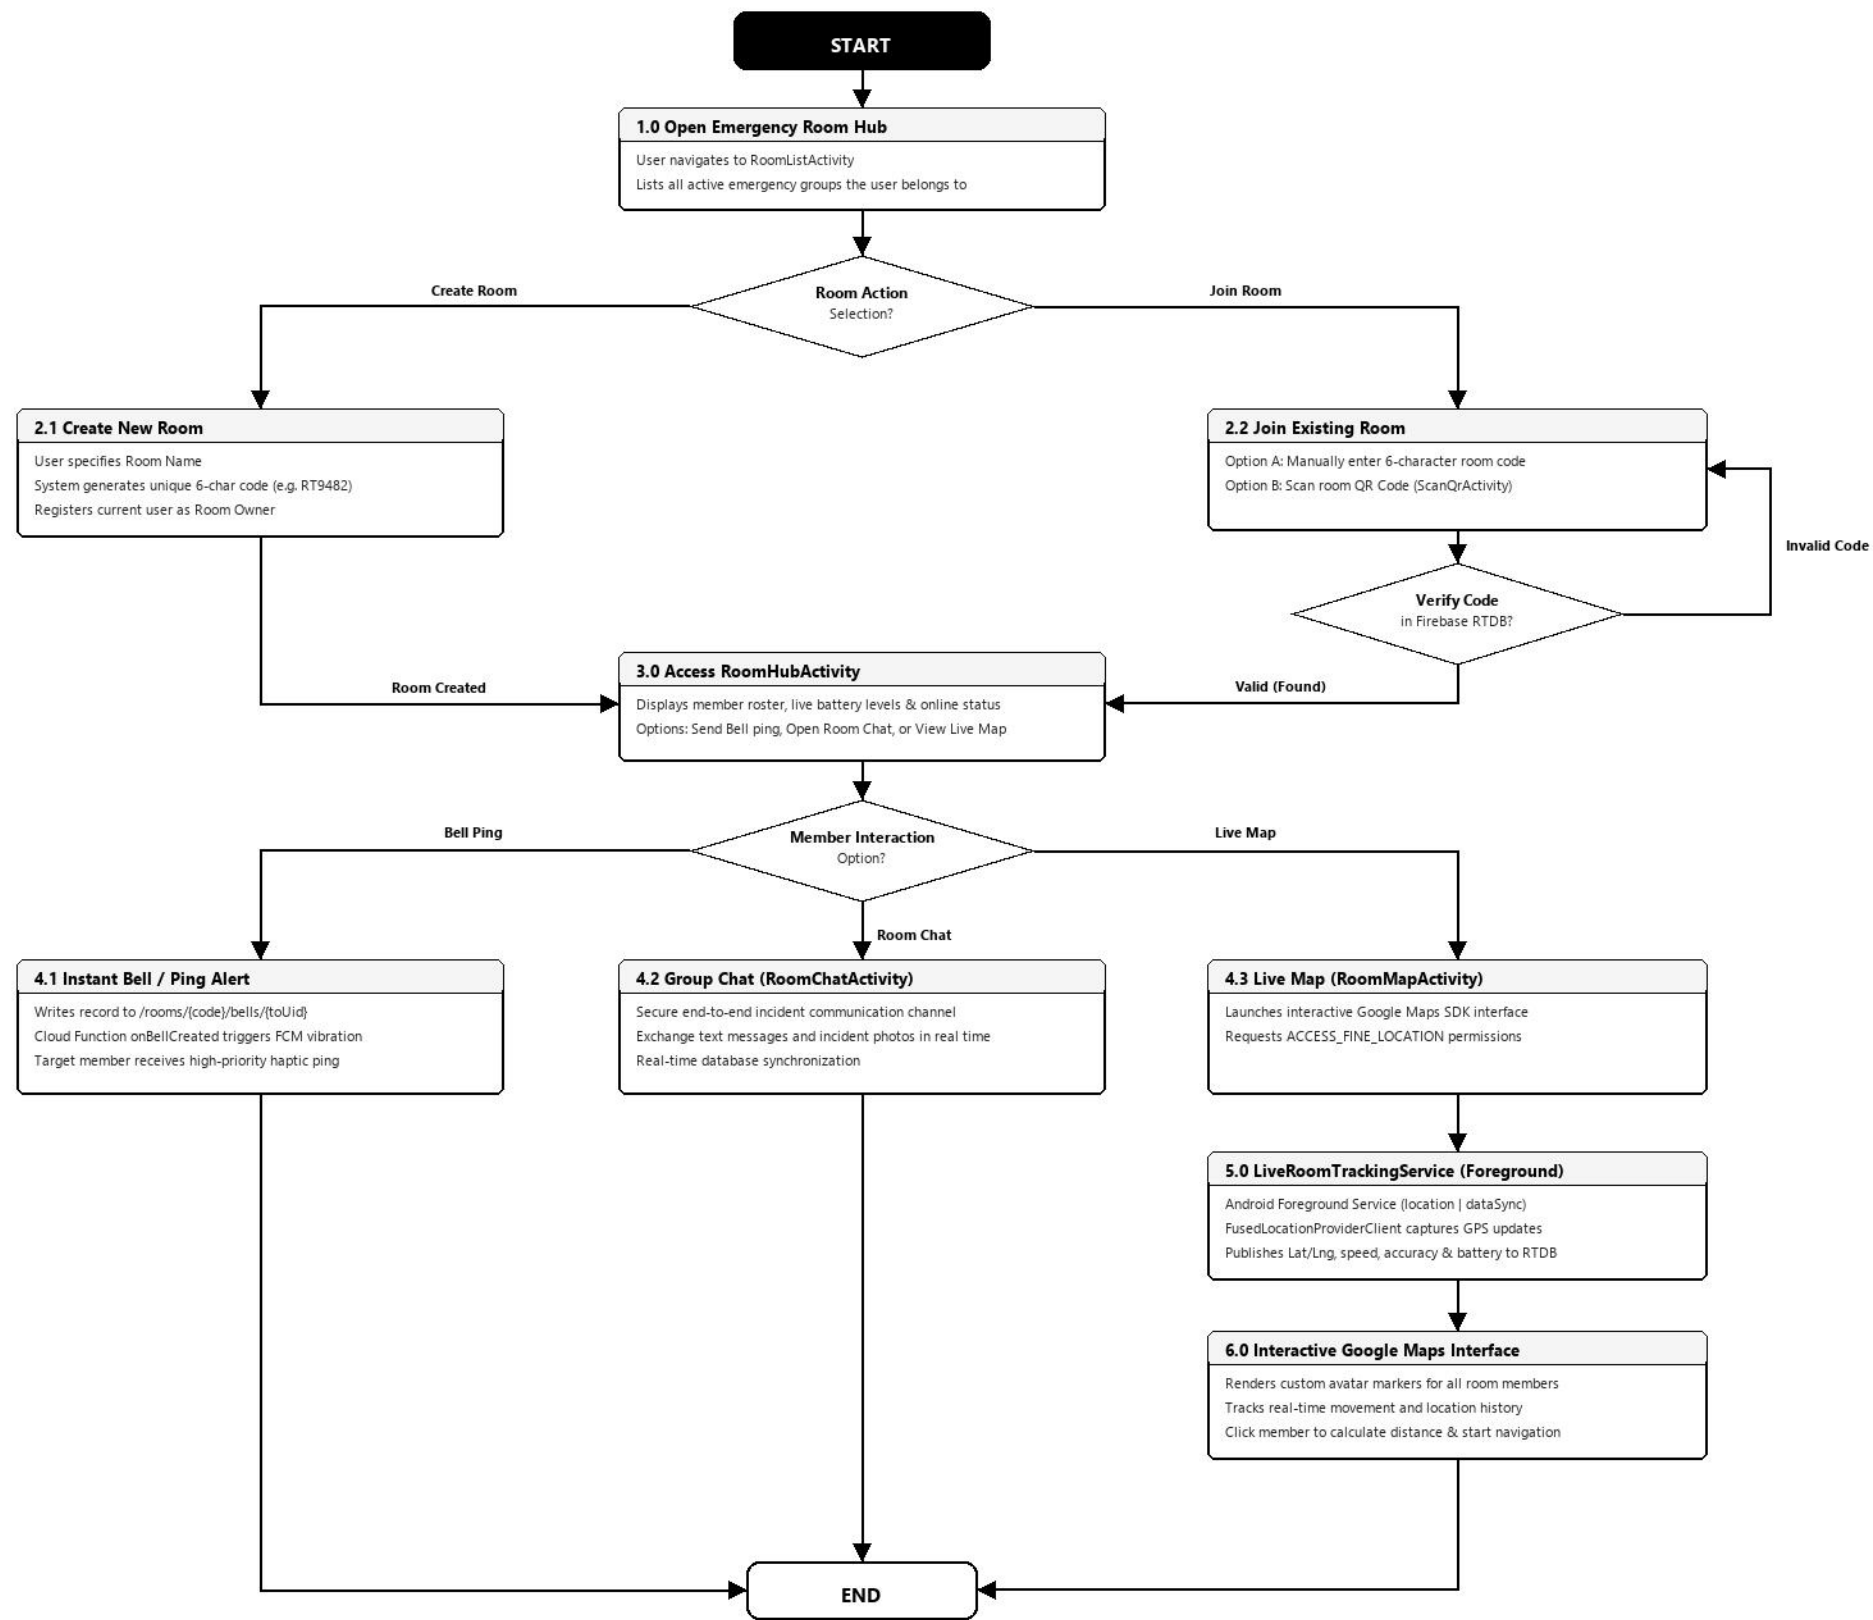

FLOWCHART 3: ONETAP SOS EMERGENCY TRIGGER & INCIDENT DISPATCH

Rapid Response Workflow: 3-Second Countdown, Hardware Alarms, Firebase RTDB/FCM Blasting & Live Dispatch Timeline

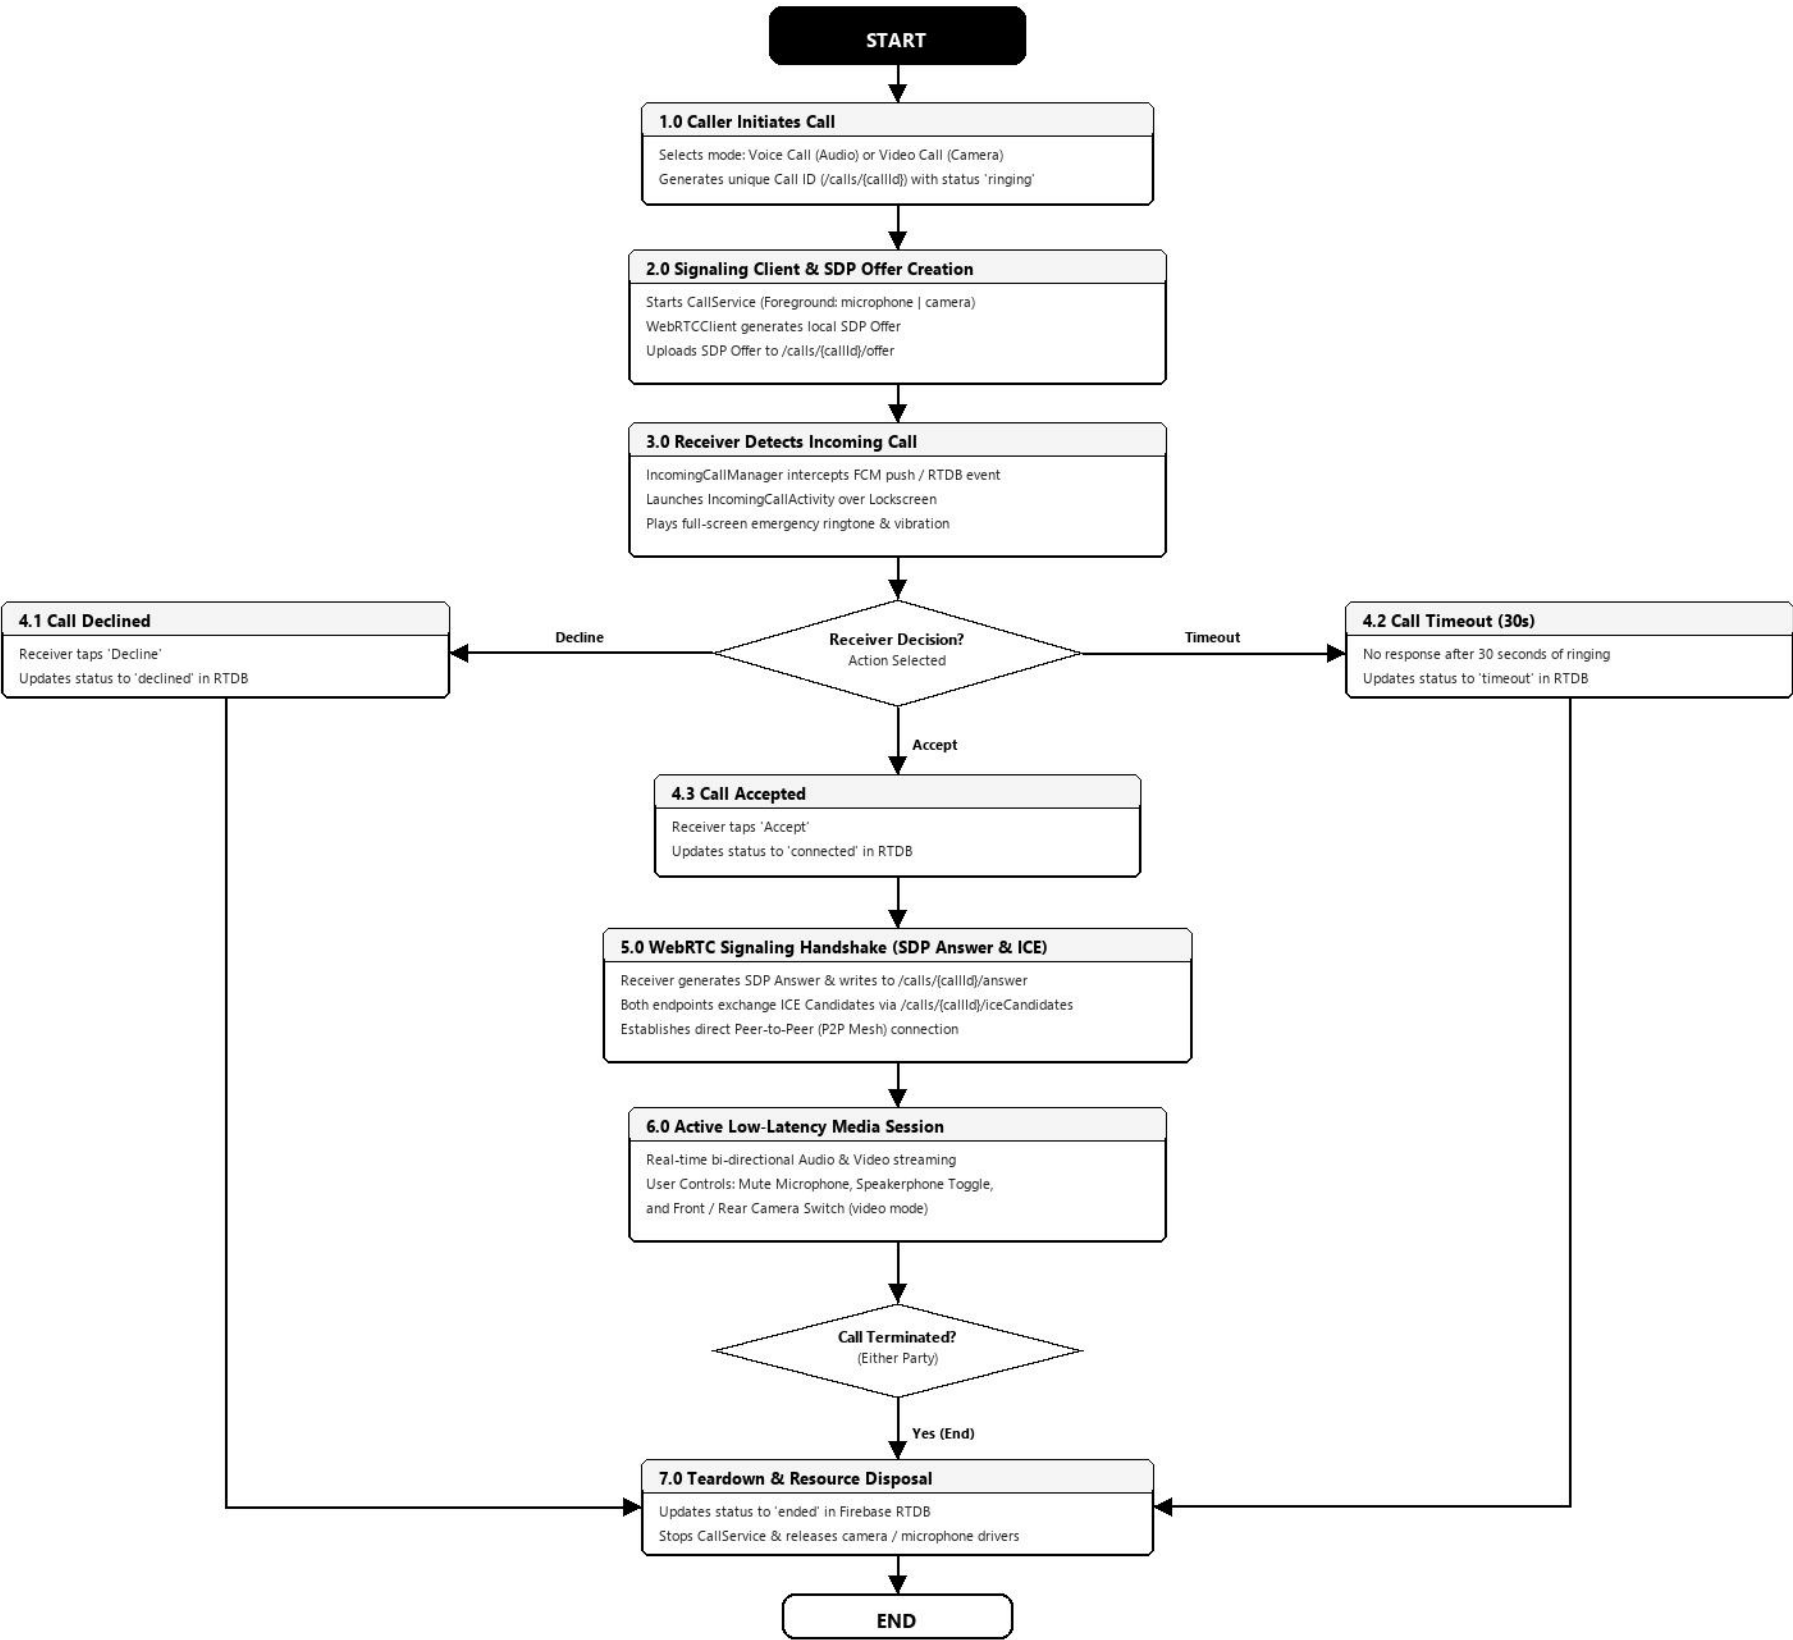

FLOWCHART 4: EMERGENCY ROOM HUB & LIVE GPS TRACKING SERVICE

Room Coordination, 6-Char Code / QR Code Sharing, Foreground Background Tracking & Google Maps SDK

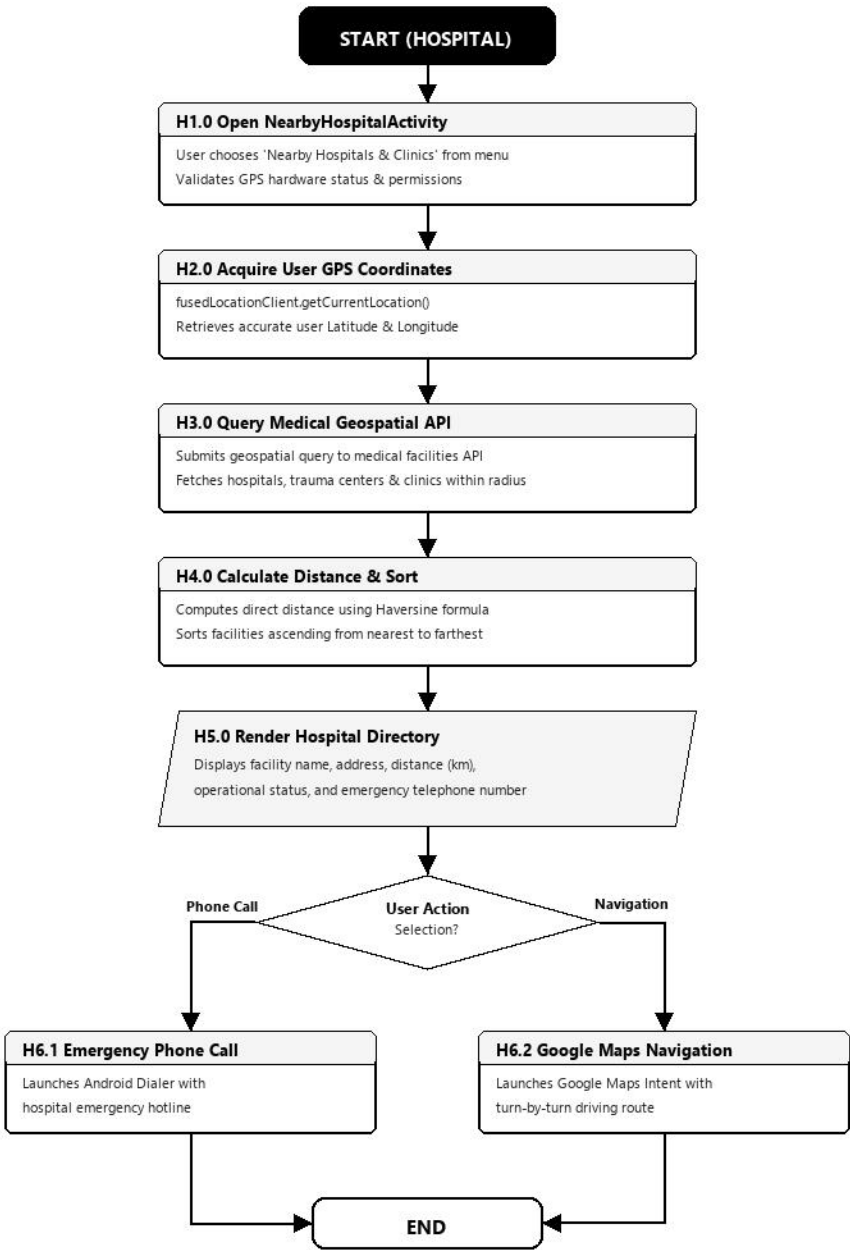

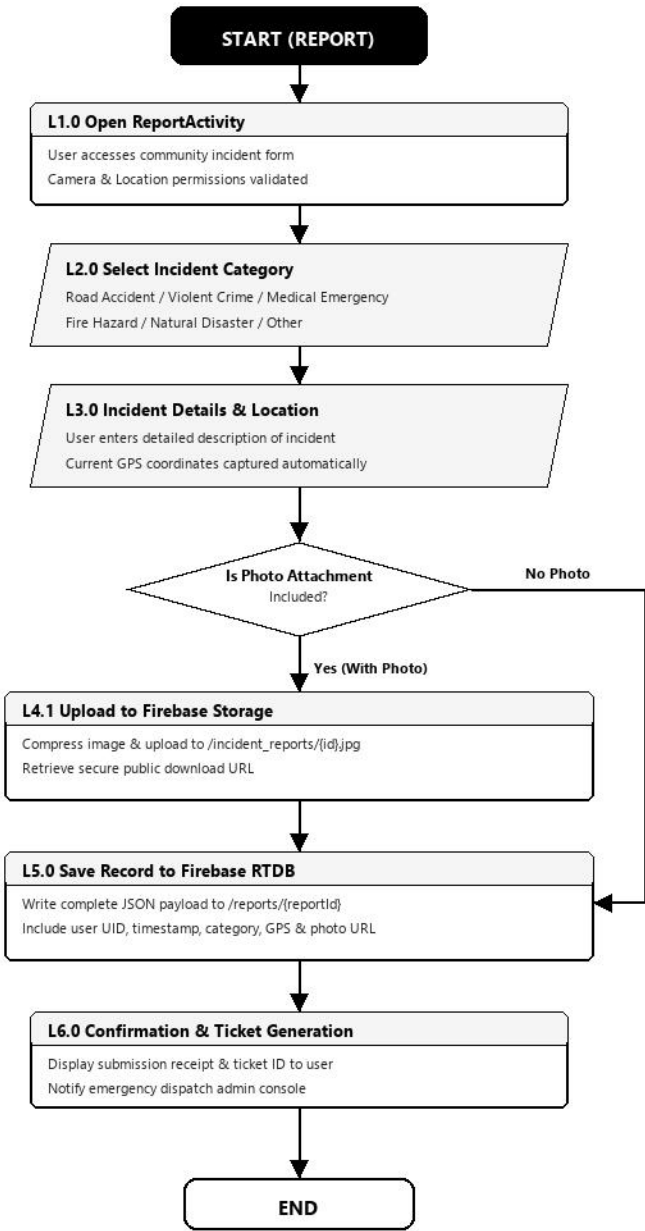

FLOWCHART 5: WEBRTC VOICE & VIDEO EMERGENCY INTERCOM

Firebase RTDB Signaling Pipeline, Peer-to-Peer (P2P) Handshake & Bi-directional Media Stream Management

FLOWCHART 6: COMMUNITY INCIDENT REPORTING & NEARBY HOSPITAL FINDER

Incident Submission with Photo Upload to Firebase Storage & Haversine Distance Geospatial Navigation

FLOWCHART 7: WEB ADMIN PORTAL & CLOUD BROADCAST SYSTEM

Admin Authentication, Real-Time SOS Incident Control, Targeted FCM Broadcasts & Database Maintenance
